

VAIBHVI SRIVASTAV

Aspiring Data Analyst with a strong foundation in Statistics and hands-on experience at UPICON and NSSO. Proficient in R, Excel, and Power BI, with a proven ability to transform raw data into actionable insights. Passionate about leveraging data-driven strategies to solve complex industrial and socio-economic challenges.

Work Experience

Data Analyst Intern | UPICON (U.P. Industrial Consultants Ltd.) (2025-11-24 to 2026-02-23)

- Utilized MS Excel and Power BI to create dashboards that visualize key performance indicators (KPIs) for industrial consultancy projects.
- Cleaned and structured large datasets from socio-economic surveys to identify trends in regional industrial growth.

Data Analyst Intern (Jun 2024 - July 2024)

- NSSO, Bareilly
- Analysed data from various sources to identify trends and patterns that inform business decisions. Cleaned and manipulated data to ensure accuracy and completeness.
- Created data visualizations (e.g., charts, and graphs) to effectively communicate insights to stakeholders.
